Dear Vern:

Enclosed is a distribution assessment that has not been paid. Currently there is a negative balance in the Clear Creek Distribution System Trust Fund. If sufficient funds are not received, account expenditures needed to operate the system, including the salary of the Water Commissioner, may be postponed until sufficient funds are available in the account.

If the enclosed assessment is paid in full before June 15, you will not be assessed the 2012 10% late fee being added to all outstanding balances on all assessment accounts.

If you have questions regarding your assessment, the system budget, water measurement, or water distribution on Clear Creek, please feel free to visit our website at waterrights.utah.gov or call me at 801 538-7469 or Will Atkin, Regional Engineer, at (435) 752-8755 or Jared Manning, Assistant State Engineer, at (801) 538-7380.

Sincerely,

Ben Anderson, P.E.
